Subject: Opposition to HB 4367

Madame Clerk

I am writing to inform you of the Metro Coalition of Congregation's staunch opposition to HB 4367. The MCC consists of over 30 congregations from across Oakland, Macomb and Wayne counties. The MCC stands for true regional cooperation, and we are working as people of faith to revitalize our region and state. All of our faith traditions call for cooperation among God's people on earth. We believe this bill directly contradicts our faith's teaching, and is wrong for Michigan fiscally, ethically, and morally.
